History

At the beginning of the company's history are three people with a great idea and a great portion of courage. In 1968 the team of founders came out with the company "Alphastaub", today known as "Infastaub". Since foundation 50 years ago Infastaub is substantially grown, de-dusting of industrial processes is still in focus of the business activity.

Fig.: The history starts with the vent filter ALPHA-MAT, today INFA-MAT

1968 to 1980
